davidebaino@gmail.com
www.linkedin.com/in/davidebaino

Data Scientist specialised in deep learning and predictive modelling, using Python to drive business insights forward. Proven success in enhancing data pipelines and developing machine learning models. Recently finished a MSc in Data Science and Machine Learning at Imperial College London.

Professional Experience

Dec 2021 –
Sept 2024

Nestle, Business & Analytics (Finance) – London and York, UK
Senior Data Analyst

- Owned the end-to-end Coffee demand forecasting data product by building Azure Data Factory and SQL pipelines. Developed a time series forecasting model for the finance team using Facebook Prophet and LSTM models achieving 100s of thousands pounds saved in coffee sales forecast.
- Designed scalable data pipelines on Azure Data Factory feeding Power BI reports. Implemented M/Power Query and DAX measures to support the financial team in understanding which categories were over or underperforming and root causes.

Nestle, Nutrition – London, UK
Data Analyst

- Developed forecasting models utilising time series analysis and regression techniques to deliver quantitative insights for the UK Nutrition leadership team. Modelled population growth and inflation's effects on consumer behaviour, achieving a number of babies forecast accuracy within $\pm 10\%$.
- Engineered and deployed a data pipeline strategy using SQL and Power Query to automate live NHS data ingestion, incorporating automated data validation, anomaly detection, and data quality management processes.

Nov 2020 –
Dec 2021

Roust – London, UK
Data Analyst

- Automation of data extraction and building bespoke analysis in Power BI (M Language and Dax Studio) to empower the UK division with data-driven insights. Reduced manual data-handling time by 50%.

Education

2024 - 2025

MSc – Environmental Data Science and Machine Learning
Imperial College London
Current

Machine learning, Deep learning, Modern Programming Methods, Computational mathematics, Inversion and optimisation, Big data analytics.

2015 - 2019

Double Degree – BBA Hons European Management
Lancaster University Management School and Università Cattolica del Sacro Cuore
Upper 2:1

Math, Statistics, Accounting and financial analysis, Corporate Finance, Microeconomics, Macroeconomics.

Miscellaneous

Languages

Italian – Native

English – Fluent

Skills

Proficient in Python, C++, SQL, Azure Data Factory, Snowflake, Power BI (M Language and Dax Language) and Excel VBA.

Interests

Volleyball

London league player and coach.

Volunteering

Boy scout lead
